Commercial  
Umbrella*

The Tempest offers maximum shade and weather protection for commercial environments

This heavy-duty giant telescopic umbrella is built super-strong and is engineered to withstand wind gusts of 80-100km/h while open. The canopy arms are made from reinforced aluminium that is connected to an impressive 94mm mast with internal reinforcing channels for extra strength. The Tempest is quite simply the best non-permanent umbrella on the market today.

### Tempest Advantages

- Maintenance-free, long-life winding handle system
- All materials are fully corrosion resistant
- Telescopic mechanism opens and closes easily above furniture
- Extremely sturdy and robust - able to withstand 80-100km/h wind gusts
- Huge canopies provide maximum shade protection
- Water repellent canopy also offers rain protection
- Multiple umbrellas can be joined with removable gutter system
- Non-permanent installation - can be removed from mounting if required
- 3 year back to base warranty on frame and components

Canopy secured with stainless steel bolts for durability

Robust telescopic mast means the umbrella closes high above furniture

Heavy duty hubs and arm connectors for superior strength

Extremely strong aluminium arms with joint reinforcements

Can be bolted down to existing concrete, wooden decking or concreted into the ground

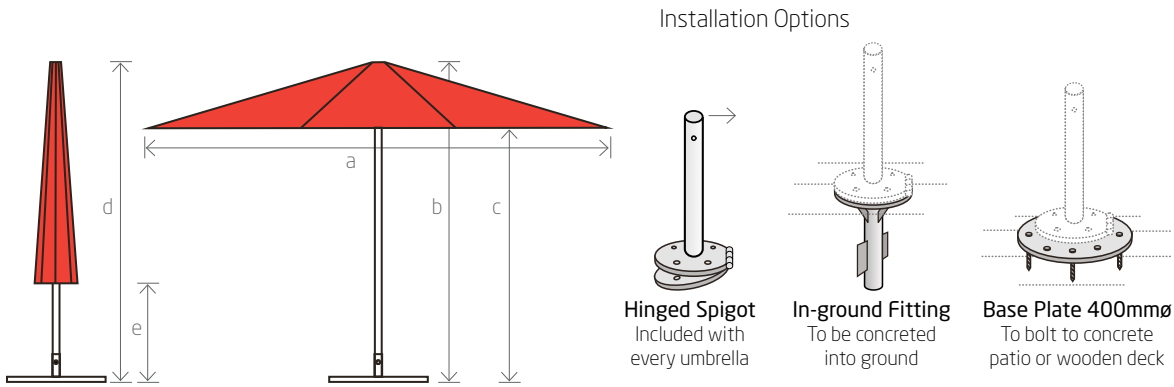

Internal gearbox hidden in mast with removable winder handle

**Printing & Branding** - The Tempest commercial umbrella can be screen printed easily and affordably with big logos for maximum brand exposure. Our design team will prepare a draft print layout for your approval so you can see exactly how the printed umbrella will look once production is completed.

**Canopy** - Tempest umbrella canopies are made using commercial grade PVC.

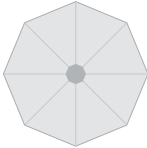

**Commercial Grade PVC**  
Our PVC canopies are made with 720gsm/1000 denier PVC with a 0.6mm thickness. These are ideal for commercial environments or more exposed locations where extra fabric durability is required. Our PVC canopies are waterproof and come with a 3 year warranty against faulty workmanship and fading\*.

*\*Colours with red colour pigmentation (red, orange, yellow etc ) will have lower colour fastness than other colours and will show some fading earlier.*

**Dimensions**

\* all measurements are rounded and are subject to change.

	3.5m Square	4m Square	5m Square	5m Octagonal
<b>Dimensions of open umbrella</b>				
a: Width (cm)	350 x 350	400 x 400	500 x 500	*500ø
